# Kosovo Power Storage System

## Overview

---

Kosovo intends to build the first battery energy storage system (BESS) in the region, which will have 170 MW of capacity and come online in 2028, a senior government policy advisor told Montel on Thursday. How will Kosovo's Energy System work?

The system will stabilize the fluctuating frequency of electricity, store energy in the early hours of the morning when consumption is low, and connect with solar, wind, or similar power plants. Kosovo\* will own the facilities, the ministry added.

Could a battery storage system save Kosovo's Energy costs?

In fact, a 2018 study by the World Bank, which had for years supported the construction of Kosova e Re, found that if taking carbon and pollution costs into account, a combination of renewables and battery storage would be the most cost-effective solution for Kosovo's electricity sector.

Who owns the energy facilities in Kosovo?

Kosovo\* will own the facilities, the ministry added. Economy minister Artane Rizvanolli said the program would back the independence of the national energy system and enable its transformation. The details will be made known after negotiations between the government and MCC, planned for May.

What is Kosovo C Power Station?

Kosovo C power station is a cancelled power station in Prishtina, Pristina, Kosovo. It is also known as Kosova e Re power station. Loading map. Project-level coal details The New Kosovo power plant is part of the government's plans to reform Kosovo's energy sector.

How much power does Kosovo have?

Energy Infrastructure Today, Kosovo's electricity operating capacity is about 900 MW, almost all of which comes from two antiquated coal-fired power

plants, Kosovo A and Kosovo B. As the population grows, ongoing constraints on power will continue to increase.

How much does a grant to Kosovo cost?

The compact program for a grant to Kosovo\*, estimated at USD 234 million, consists of two projects: batteries with an installed capacity of 200 MWh, and the development of the workforce and involvement of women in the energy sector, the Ministry of Economy said.
