Overview

Will universal solar America open a 600-MW solar panel assembly facility in Panama?

Universal Solar America, a procurement and development service provider to large commercial and utility-scale solar contractors in the United States, plans to open a 600-MW solar panel assembly facility in Panama to supply the U.S. market.

When will universal solar install a solar plant in Panama?

The U.S. has had a free trade agreement with Panama since 2012. Equipment for the plant should be installed by early October and up to 50 employees will be hired. Universal Solar expects first delivery of modules in the fourth quarter of 2022.

How many solar panels can universal solar produce?

Universal Solar can build two more similarly sized buildings at the terminal that could eventually support 5 GW of annual solar panel production. The lines will have the immediate ability to produce 350- to 545-W panels. Therefore, Universal Solar is going after all market customers — residential, commercial and utility-scale.
