

SolarInnovate Energy Solutions

Solar Cycle System Services

Overview

What are Cycle Services?

Cycle Services are a mobile bicycle service that provides local cyclists and companies with onsite or at-home repairs and servicing in and around Berkshire.

What does a solar company do?

Procurement of raw materials and equipment for PV and Wind industry.
Procurement of technical and consulting services for renewable energy.
Procurement of automated systems and solutions for solar manufacturing fabs and solar power plants. Implementation and development of technologies in renewable energy. Import-export activities.

How many solar projects has SEC delivered?

SEC has delivered 45GW power projects on turnkey basis since 1990s, more than 6GW were solar projects. Our solar reference includes Dubai (1850MW), UK (175MW), Greece (25MW), Japan (29MW), Israel (20MW), Cyprus (17.8MW), Vietnam (50MW), Australia (10MW), and Cuba (61MW). SEC ranked 40th in ENR's 2022 Top 250 International Contractors.

What is photovoltaic consulting?

Provide full-cycle consulting for photovoltaic production companies and share our expertise in equipping production facilities and processing in the field of renewable energy. Our target is to accelerate the transition to clean energy and contribute to reducing emission levels in the world.
